# Beautiful *VENCO*ver Canada

Welcome to Venco®, where innovation meets relaxation. With a passion for crafting the finest bathing experiences, we take pride in being a leading bathtub manufacturing company. At Venco®, we blend precision engineering with artistic design to create luxurious tubs that redefine your bathing sanctuary.

Our journey is rooted in a commitment to excellence, combining cutting-edge technology with timeless craftsmanship. Each bathtub is a masterpiece, reflecting our dedication to quality and comfort. From sleek and modern designs to classic and opulent styles, our diverse range caters to every taste and bathroom aesthetic.

What sets us apart is our unwavering focus on customer satisfaction. We understand that a bath is not just a routine; it's a ritual, a moment of personal indulgence. That's why we strive to enhance your bathing experience with features that cater to all your senses. Immerse yourself in the elegance and functionality of our meticulously crafted tubs, designed to transform your bathroom into a spa-like retreat.

At Venco®, we don't just manufacture bathtubs; we curate experiences. Join us in embracing the art of relaxation, where every soak becomes a journey into luxury and rejuvenation. Welcome to the epitome of bathing excellence – welcome to Venco®.

**Venco Products LTD. is a family-owned business that has been proudly manufacturing for over 40 years in Vancouver, BC.**

# Freestanding By Venco

## Sophia

Sculptural, serene, and irresistibly modern — the Venco Sofia brings textural elegance to contemporary bath design. Crafted from matte white solid surface resin, the Sofia features a striking fluted exterior that adds architectural interest and depth to its smooth, minimalist form. Its seamless construction and refined proportions offer a luxurious soaking experience, while its artistic silhouette transforms the bathroom into a space of design and relaxation. A bold yet timeless choice for designers and homeowners alike.

## Odessa

Sculpted from solid surface resin and finished in a deep matte black, the Venco Odessa is a dramatic centerpiece that redefines luxury bathing. Its distinctive rock-textured exterior adds an organic, architectural edge—evoking natural stone while offering the seamless durability of high-performance resin. The smooth interior curves invite total immersion, while the tub's monolithic presence transforms any space into a design-forward retreat. The Odessa is made for clients who want more than a bath—it's a statement.

## Toledo

With its smooth curves and modern form, the Venco Toledo is a sophisticated acrylic freestanding tub designed to fit beautifully in both compact and statement bath spaces. The high-gloss white finish and seamless one-piece construction provide a clean, polished look, while the softly tapered sides offer ergonomic comfort for extended soaking. Whether paired with bold design elements or minimalist décor, the Toledo brings effortless balance and style to any setting.

# Tubs By Venco

## Marbella

Sleek and understated, the Venco Marbella is the essence of contemporary simplicity. With its clean rectangular lines and smooth interior, this acrylic drop-in tub brings refined elegance to any bathroom. Designed for comfort and flexibility, the Marbella integrates seamlessly into custom surrounds—perfect for compact spaces, condo bathrooms, or modern renovations where style meets practicality.

## Tokelau

Smooth, sculpted, and perfectly proportioned, the Venco Tokelau 6535 offers a fresh, modern take on the classic oval drop-in tub. With its organic curves and integrated seat contouring, this compact design provides a deep, ergonomic soak in a refined footprint. Ideal for serene, spa-inspired bathrooms or space-conscious layouts, the Tokelau 6535 combines comfort with architectural elegance.

## Palermo

The Venco Palermo is the perfect balance of clean aesthetics and everyday practicality. Featuring a smooth, flat skirt and minimalist profile, this alcove tub is made for modern spaces where style and function go hand-in-hand. Its deep soaking well and subtly angled backrest provide comfort without sacrificing a sleek, architectural presence—ideal for urban condos, contemporary renovations, or compact bathrooms.

# Showers By Venco

## Dalmatia

Engineered for sleek performance and minimalist appeal, the Venco Dalmatia 6032 is a standard-profile shower base that delivers both style and function. Its clean rectangular form and linear drain placement create a contemporary spa aesthetic, while offering flexibility for a range of bathroom designs. Choose between a matching acrylic drain cover or a polished chrome grill to suit your space.

## Nepal

The Venco Nepal is a clean, contemporary shower base designed to elevate any modern bathroom.

Crafted with a sleek, low-profile threshold and textured floor, it delivers both style and functionality.

Ideal for walk-in showers or glass enclosures, the Nepal base ensures durability and easy maintenance in a compact, space-efficient design.

## Umbria

The Venco Umbria blends practicality and comfort with contemporary styling. Thoughtfully designed with an integrated corner seat, this standard-depth shower base offers added convenience without compromising space. Ideal for those who prioritize both relaxation and functionality in their daily routine.

## Madrid

Sleek, modern, and built for performance — the Madrid one-piece toilet combines timeless design with everyday functionality. Featuring a fully skirted trapway for a smooth, seamless look and easy cleaning, it brings refined simplicity to any bathroom. The high-performance gravity flush system ensures powerful and efficient flushing with every use. For added comfort and convenience, it includes a soft-close, quick-release seat that prevents slamming and makes maintenance effortless. Perfect for those who appreciate both style and substance.

## Bonn

Bold design meets advanced performance with the Bonn one-piece toilet. Its sleek, skirted trapway offers a clean, modern aesthetic while simplifying maintenance. Equipped with a high-performance gravity flush system, it delivers powerful and reliable flushing every time. The soft-close, quick-release seat adds comfort and convenience by preventing slamming and allowing easy removal for cleaning. Finished with our exclusive Triple-Turbo Power Finish, the Bonn resists stains, buildup, and discoloration—keeping your toilet looking pristine for years to come.

## York

The York Wall Hung Toilet brings modern style and smart functionality to any bathroom. Its **rimless flush** design delivers a powerful, hygienic clean with every use — with no hidden edges to trap dirt. The wall-mounted design saves space and creates a sleek, floating look that's easy to maintain.

# Lavatories By Venco

## Napa

The Napa undermount sink blends clean geometry with subtle curves for a timeless look. Its rectangular shape offers a modern, structured appearance, while the gently curved basin adds softness and depth. Designed for undermount installation, the Napa delivers a smooth transition from countertop to sink, making cleaning easy and elevating the overall aesthetic. Ideal for both contemporary and transitional bathrooms, it's a perfect balance of form and function.

## Brooklyn

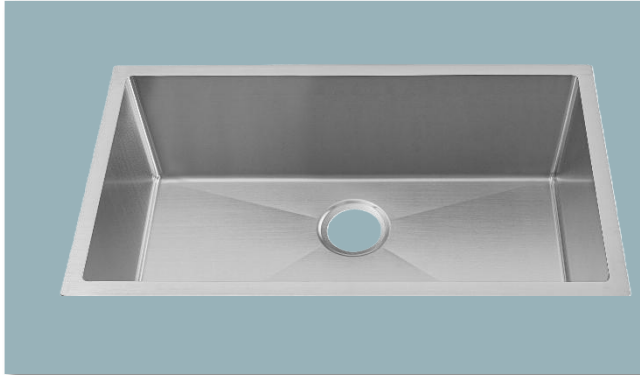

Crisp, clean, and contemporary — the Brooklyn undermount sink is designed for modern bathrooms. Its rectangular shape with a flat base and straight edges creates a bold, architectural look that pairs beautifully with minimalist or industrial spaces. The undermount installation provides a seamless countertop transition and easy maintenance. With its sharp lines and refined simplicity, the Brooklyn is a perfect choice for those who appreciate modern design with everyday practicality.

## Macao

Smart design for compact spaces — the Macao undermount sink offers a flat base and straight-edge profile but in a smaller, space-saving size. Ideal for powder rooms or tighter bathroom layouts, its rectangular shape delivers a modern, streamlined look without sacrificing functionality. The undermount installation ensures a clean, seamless surface that's easy to maintain. The Macao proves that style and performance can thrive even in the smallest spaces.

# Kitchen Sinks By Venco

## Hamilton

The Hamilton Kitchen Sink is where craftsmanship meets versatility. Handcrafted from premium stainless steel, it's designed to suit every kitchen — with 10 size and configuration options, including both single and double bowl styles. Featuring 10mm radius corners, the Hamilton offers a clean, modern look while making everyday cleaning effortless. Built for durability and designed for style, it's the perfect blend of form and function.

## Milton

The Milton Kitchen Sink is designed for both style and practicality. Handcrafted from premium stainless steel, it features a sleek low-profile divider, allowing for better clearance while keeping multi-tasking easy. Available in equal and unequal bowl configurations, the Milton adapts to your workflow and space — whether you're rinsing, soaking, or prepping. With 10mm radius corners, it offers a clean, modern look and easy maintenance.

## Kingston

The Kingston is a premium workstation sink designed to elevate the way you prep, cook, and clean. Handcrafted from high-quality stainless steel, it features an integrated ledge system that turns your sink into a fully functional workspace. Each Kingston comes equipped with essential accessories, including a bottom grid, colander, cutting board, and roller mat, giving you everything you need in one seamless setup.

Available in 32", 42", 48", and 54"
